1 RISK FACTORS

A number of risk factors affects and may come to affect Corem, the Group and the Bonds. Some risk factors are outside the Group's control. Below is a description of risk factors which Corem considers to be the most material risks relating to the Group and the Bonds.

The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category. The most material risk factor in each category is presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. The assessment of the materiality of each risk factor has been determined on the basis of a qualitative ordinal scale (low/medium/high) based on the probability of their occurrence and the expected magnitude of their negative impact on the Group.

1.1 Risk factors specific and material to Corem and the Group

1.1.1 Market risks

Inflation and interest risk

The Group operates in the real estate market, which to a large extent is affected by macroeconomic factors such as the level of production of new premises, changes in infrastructure and population growth. Economic growth in turn affects the employment rate, which is an essential basis for supply and demand on the rental market and consequently impacts vacancy rates and rental levels of the Group's properties. The Group mainly operates in Stockholm, Gothenburg, Copenhagen, New York, Västerås, Malmö, and several other growing cities in Sweden and is therefore exposed to macroeconomic development on those geographic markets.

Furthermore, inflation expectations have an impact on the interest rate and thus affect the net interest income for the Group. A similar effect can be expected also in Corem's investments in Castellum AB (publ) (the "**Financial Holding**"). The Group's business is mainly financed, in excess of equity, by borrowings from credit institutions and the bond market. Interest expenses are therefore one of the Group's main cost items and the Group's total financial expenses for the period 1 January 2021 – 31 December 2021, which mainly consisted of interest expenses from loans, amounted to SEK 679 million. Interest expenses are mainly affected by, besides the extent of interest-bearing debt, the level of current market interest rates, the Group's strategy regarding length of debt maturity and credit institutions' margins, the Group's strategy regarding interest rate hedging and fixation periods. Adverse changes of interest rates would result in increased expenses for the Group and negatively affect the Group's earnings and cash flow.

Corem deems the probability of unexpected increases in inflation expectations and rising interest rates materialising to be *medium*. If the risk were to materialise, Corem considers the potential negative impact that would follow an increase in Group financing costs and decrease in rental income to be *medium*.

Acquisition of Klöver AB (publ)

On 29 March 2021, Corem submitted a public offer to the shareholders of Klöver AB (publ), reg. no. 556482-5833, ("**Klöver**") to acquire all outstanding shares in Klöver for consideration in the form of

newly issued shares in Corem. On 19 August 2021 Corem announced that the offer had been accepted to such an extent that Corem after the extended acceptance period, which ended on 18 August 2021, held a total of approximately 98.5 per cent. of the outstanding shares in Klöver, corresponding to approximately 97.7 per cent. of the votes. Furthermore, Corem announced on 19 August 2021 that Corem had initiated a compulsory acquisition process regarding the minority shares of Klöver. The compulsory acquisition process is ongoing as of the date of the prospectus. Annual synergies for the combined company are expected to amount to approximately SEK 200 million, mainly due to financial synergies. There is a risk that the estimated synergies and value creation through the coordination of the companies' operations may not occur, in part or at all. Corem deems the probability of the risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Risks relating to a competitive market and the risk that Corem may fail to compete effectively

The Group is active in the real estate industry, which is characterized by significant competition, including from other real estate companies with a focus on logistics and industrial properties such as Sagax, Castellum, Catena and others. The Group's competitiveness depends, among other things, on its ability to acquire interesting properties in attractive locations, to attract and retain tenants, qualified staff and to anticipate trends and needs for current and future tenants and quickly adapt to current and future market needs. In addition, the Group competes for tenants, based on, among other things, property location, rent level, size, availability and quality, tenant satisfaction and the Group's reputation.

Competitors may have greater financial resources than the Group and better capacity to withstand market downturns, better access to potential acquisitions, compete more efficiently, be more skilled at retaining competent staff and respond more quickly to changes in local markets. In addition, competitors may have a higher tolerance for lower yield requirements and access to more efficient technology platforms. Furthermore, the Group may need to incur higher investment costs in order to maintain the competitiveness of its property portfolio in relation to competitors. Corem estimates the probability that Corem will be unable to compete in an effective way as *low*, with a potentially *medium* negative effect on Corem's future prospects.

Listing of joint company containing building rights

On 23 November 2021, Corem announced a letter of intent with ALM Equity AB to investigate the conditions for creating a joint company whose purpose will be to develop efficient and climate-smart rental housing. On 25 February 2022, Corem and Alm Equity AB confirmed that a binding agreement had been signed.

The joint company will include existing investment properties and building rights for future development of an estimated 24,000 homes in the Stockholm and Mälardalen regions. The parties intend to publicly list the joint company on a regulated market in the first half of 2022.

The ownership in the joint company will amount to approximately 51 percent for Corem and approximately 49 percent for ALM Equity AB. The agreement is conditioned on necessary government permits as well as necessary approvals from general meetings.

As Corem intends to divest assets in the form of building rights into the joint company which is to be listed on a regulated market, risks relating to future profits and fluctuation in market price and market value may arise as a result of the joint company. Furthermore, there is a risk that the admissions process for listing the joint company is delayed due to unforeseen circumstances or that the joint company is not listed at all, which could have a negative effect on the value of Corem's holdings in the joint company.

Corem deems the probability of unexpected fluctuations in market value of the joint company or of a delayed or failed listing materialising to be *low*. If the risks were to materialise, Corem considers the potential negative impact that would follow an increase in Group financing costs and decrease in value of its financial holdings to be *medium*.

1.1.2 Business risks

Rental income and rental development

The Group's operations mainly include commercial properties and property development, complemented by investments in the Financial Holding. The Group's rental income depends on the vacancies of the properties, the rent level stipulated in the rental agreements and the tenants paying their rents on time. As of 31 December 2021 the Group's economic occupancy rate was 89 percent (93). 48 percent of all contracted rent falls due in 2025 or later. In total, the average remaining contract period was 3.7 years (4.4). There is a risk that the Group will not be able to renew all its rental agreements immediately upon expiry or that new agreements will not be met on terms as favourable for the Group as previous agreements. Furthermore, a general decrease in market occupancy rates and market rental rates, would negatively affect the Group's possibilities to sustain current earnings and cash flow levels over a long period of time, which would have a negative impact on the Group's earnings. Corem deems that the probability of large fluctuations and increases in vacancies, decreases in market rental rates or any other loss of rental income or dividend from the Financial Holding is *low*. If the risks would materialize, Corem considers the potential impact to be *high*.

Changes in value of properties

The Group's real estate investments are recorded in the balance sheet at fair value and value changes are recorded in the income statement. Total fair value for the Group's property portfolio amounted to SEK 83 084 million as of 31 December 2021 and the total assets amounted to SEK 92 236 million. The Group performs a valuation of the entire property holdings quarterly. Valuations are performed according to schedule where both external and internal valuations are carried out by authorized real estate valuers. This means that normally each property in the portfolio is valued externally over a rolling 12-month period. The Financial Holding is listed on regulated markets in the Nordic countries and are recorded in the balance sheet at market value and value changes are recorded in the income statement. The Group's properties' loan-to-value ratio was 38 per cent. and the Group's total loan-to-value ratio was 53 per cent. as of 31 December 2021.

The value of the Group's properties is affected by a number of factors, partly by property specific factors such as occupancy levels, rental rates and operating costs and partly by market specific factors such as yield demands and cost of capital that are derived from comparable transactions on the real estate market. Property related deteriorations such as lower rental income and increased vacancies, as well as market specific factors such as demand for higher return on investments can cause the Group to write down the actual value of its investment properties, which could have a negative impact on the Group's financial position and earnings. Furthermore a deterioration in the value of properties could cause a breach of the financial undertakings in the Group's various financial obligations which could lead to loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets.

Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem

considers the potential impact to be *medium*.

Projects and developments

The operations of the Group also comprise property development projects. As per 31 December 2021 the Group had ten on-going larger property development projects (of minimum SEK 50 million) which had an approximated total investment volume of SEK 3 318 million. When developing property, certain risks arise. Larger projects may entail major investments which may lead to an increased credit risk should tenants be unable to fulfil their obligations towards the Group, and the Group in turn would be unable to find other tenants for the premises in question, or should the demand or the price for the property decrease during the project. When planning and budgeting for a construction project it is essential that the basis for calculation is complete and correct. Assumptions are made in relation to costs and revenues, as well as the ability of partners to perform in accordance with contracts. Projects may be delayed or may entail higher costs than foreseen and, after the completion of a project, there is a risk that the property does not correspond to tenants requirements or expectations, which may lead to increased costs or decreased earnings for the Group.

Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Transactions

To acquire and sell properties is part of the Group's ordinary business and, especially acquisitions, involve certain risks. During the period 1 January 2021 – 31 December 2021, the Group acquired properties of a total net square meter of 2,444,946, including the acquisition of Klöver AB (publ). All investments are associated with uncertainties, such as future loss of tenants, environmental circumstances and technical problems, which may have a negative impact on the property value or result in unexpected and increased costs. Further, there is a risk that a seller, in connection with an acquisition, may not fulfil its obligations due to financial difficulties, which may affect the Group's possibility to bring forward claims on compensation according to contracted indemnities or warranties (which may also be subject to limitations in amount and time).

Selling properties involves uncertainties regarding, inter alia, price and the ability to get provision for the properties including the willingness and ability of potential buyers to pay for the properties. Furthermore, the Group may be subject to claims due to the sale or the condition of the sold properties. If the Group is unable to get provision at favourable terms or if claims are directed at the Group, this may lead to delays in projects as well as increased and unexpected costs for the properties and transactions.

Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact on the Group's result and the value of the relevant properties to be *medium*.

Securities trading

The Group's Financial Holding consists of shares in Castellum AB (publ), and trading in such securities is carried out within the Group. The Financial Holding is recorded in the balance sheet at market value. As of 31 December 2021, the value of Corem's financial holdings in Castellum AB (publ) amounted to SEK 2,165 million. The trading entails calculated risks in order to receive a high return. Such investments and trading activities are carried out by a limited number of people within the Group and are exposed to price fluctuations in the markets. There is a risk that the individuals responsible for the trading commit

errors, or that the Group's Financial Holding is affected by unforeseen price fluctuations in the stock market. Errors or unforeseen price fluctuations may have a negative effect on the value of Corem's assets and subsequently a negative effect on Corem's key ratios, and thus indirectly affect the value and the credit-worthiness of the Group. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Employees

The Group's organisation has increased as a result of the acquisition of Klövern AB (publ) (368 employees as of 31 December 2021 compared to 57 employees as of 31 December 2020). The Group's employees' knowledge, experience and commitment are important for the Group's future development. The Group would be affected negatively if a number of its employees would leave the Group at the same time, or if a number of key employees would leave. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Technical risks

Property investments are associated with technical risks. Technical risk is defined as the risk associated with the technical management of the property, such as the risk for construction errors, other latent defects and deficiencies, damages (for example by fire or other force of nature) and pollution. There are regulatory requirements regarding properties that may entail that deficiencies must be remedied. There is a risk that, if such technical problems would occur, they may cause increased costs for the Group, which would have a negative impact on the Group's earnings. Corem deems the probability of such risks materializing to be *high*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.1.3 Financial risks

Refinancing risks

Refinancing risk is the risk that necessary financing may not be obtained, or could only be obtained at significantly increased costs concerning refinancing of existing debts or new borrowing. The Group may eventually be required to refinance certain or all of its outstanding debt, including the Bonds. As of 31 December 2021, the Group's average fixed credit term was 3.8 years. The Group's ability to successfully refinance its outstanding debt obligations, including the Bonds, at maturity depend on the conditions of the capital markets and its financial condition at such time. The developments in the credit market, such as deterioration of the overall financial markets or a worsening of general economic conditions could adversely affect the Group's access to financing sources and financing on favourable terms, or at all. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact on the Group's liquidity and financial position to be *high*.

Financial obligations and guarantees

The Group has obtained financing through bank loans as well as bonds from the capital market. As of 31 December 2021 approximately 25 per cent. of the Group's liabilities were attributable to bond loan financing and approximately 75 per cent. were attributable to bank loans. The Group's loan-to-value ratio amounted to 53 per cent. and the equity / total asset ratio amounted to 36 per cent. The bank loans are secured by, inter alia, the Group's properties and shares in Corem's subsidiaries and Financial Holding, and Corem has issued guarantees for some loans. Some of the Group's credit agreements

contain provisions regarding, for example, ownership of the companies being parties to such credit agreements (change of control provisions), or financial covenants such as loan to value ratio and equity ratio. If such provisions are breached by the Group, it could lead to the loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets. Should loans be accelerated, it could also result in other loan agreements (through cross default provisions) being cancelled for immediate repayment or in the collateral being taken over by the credit institution/s concerned. If such events were to materialize there is a risk that the Group will not be able to obtain necessary financing, or that such financing could only be obtained at significantly increased costs, which in turn would have a negative impact on the Group's ability to fulfil its payment obligations and materially affect the Group's ability to continue its operations. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact on the Group's liquidity and financial position to be *high*.

1.1.4 Legal and environmental risks

Holding Company risks

Corem is the parent company of the Group and the Group's operations are mainly run through its subsidiaries. Thus, Corem's ability to make required payments of interest on its debts and funding is affected by the ability of its subsidiaries to transfer available funds to it, and hence Corem is dependent on its subsidiaries to fulfil its obligations under the Bonds. The transfer of funds to Corem from its subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to the respective subsidiary. Additionally, the Group companies are separate legal entities and have no obligations to fulfil Corem's obligations towards its creditors. If the subsidiaries or the Financial Holding do not provide dividend income, or due to other circumstances, conditions, laws or other regulations are prevented from providing liquidity to Corem, there is a risk that Corem will not be able to fulfil its obligations under the Bonds. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to have a *high* impact on Corem's balance sheet, operating profit and future prospects.

The Group's tax situation may deteriorate as a result of changed tax legislation

The Company, through a number of subsidiaries, conducts operations in Sweden, Denmark and the United States of America. For the full financial year 2021, the Group's tax expense amounted to approximately SEK 1 187 million. The handling of tax issues within the Group is made based on interpretations of current and relevant tax legislation and other tax propositions as well as decisions published by the Swedish Tax Agency as well as the tax authorities in Denmark and the United States of America. Furthermore, the Group regularly obtains advice from independent tax experts. The Group and its subsidiaries are subject to tax audits and review from time to time. There is a risk that tax audits or reviews will result in additional taxes being imposed, for example with regard to previous transactions and acquisitions, mergers, divisions and reorganizations of companies, share transactions with employees, deductions for interest expenses and deductions for improvement expenses on other property.

On 30 March 2017, the Swedish government presented a bill (SOU 2017:27) which, if adopted, is likely to affect future taxation of real estate investments. The proposal, which was sent for consultation in the

summer of 2017 and is being prepared by the Swedish government, concerns changes to the current income tax as well as stamp duty and tax on capital gains. The proposal means, among other things, that deferred tax liabilities relating to the difference between the taxable residual value and the market value of the property will be taxed in the event of certain changes of ownership of a property-owning company, and that indirect sales of properties will be subject to stamp duty. If the bill were to be implemented in its current form, this could lead to tax being paid on all the Group's future divestments of property-owning companies.

If the Group's interpretation of tax legislation and other tax regulations or its applicability is incorrect or changes, even retroactively, this may lead to an increased tax cost for the Group, including tax surcharges and interest. Corem estimates the probability of the risk arising as *low*, with a potentially *medium* negative effect on Corem's operating profit.

The Group's compliance with the EU General Data Protection Regulation (GDPR)

The Group processes personal data, which mainly consists of information about representatives of current tenants and employees, in both electronic and physical form. The Group also processes personal data about employees' relatives, people applying for employment and investors. The personal data is processed mainly for the purpose of entering into and enforcing employment contracts and leases. General Data Protection Regulation 2016/679 / EU of the European Parliament and of the Council ("**GDPR**") entered into force on 24 May 2016 and has been applied since 25 May 2018. In the event of a breach in the Group's systems that process this data, the Group has shortcomings or if the Group fails to comply with GDPR, the Group may be subject to significant fines, which may have a negative impact on the Group's operations and financial position. The Privacy Protection Authority may decide that a company that violates the rules of GDPR must pay an administrative penalty fee. The fee can be a maximum of 20 million euros, or four per cent. of the Company's global annual sales depending on which amount is highest. For less serious violations, a maximum amount of 10 million Euros, or two per cent. of global annual sales, applies. Corem estimates the probability of the risk arising as *low*, with a potentially *high* negative effect on Corem's operating profit.

Legal risks

The Group's business is regulated by and must be conducted in accordance with several laws and regulations, (inter alia the Swedish Companies Act (Sw: *aktiebolagslagen* (2005:551)), the Swedish Land Code (Sw: *Jordabalken* 1970:994), the Swedish Environmental Code (Sw: *Miljöbalken* (1998:808)) and the Swedish Planning and Building Act (Sw: *plan- och bygglagen* (2010:900)), detailed development plans, building standards, security regulations, etcetera. This also includes national regulations in Denmark and the United States of America. The Company follow local laws and regulations on local markets. There is a risk that the Group's interpretation of applicable laws and regulations may be incorrect or may change in the future. The Group may also be required to apply for various permits and registrations with municipalities and authorities in order to pursue property development. There is a risk that the Group will not be granted necessary permits or other decisions for its business activities or that such permits or decisions are appealed. The Group's operations are also affected by the tax rules in force, from time to time, in Sweden. Since these rules have historically been subject to frequent changes, further changes are expected in the future (potentially with retroactive effect). Such changes could have a significant negative impact on the Group's financial position and earnings. In the event of the abovementioned risks are materialized, it could result in increased costs and delay in planned development of properties or otherwise have negative impact on the conduct and development of its

business. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Environmental impact

Property management and property development includes environmental risks. The Swedish Environmental Code (Sw: *Miljöbalken (1998:808)*) states that everyone who has conducted a business operation that has contributed to pollution, also has a responsibility for after-treatment of the property. Local environmental regulations in areas outside Sweden might also be applicable to the holdings in the specific country. If the responsible person cannot carry out or pay for the after-treatment of a polluted property, the person who has acquired the property is liable for after-treatment provided that the buyer at the time of the acquisition knew of or should have discovered the pollution. This means that claims, under certain conditions, may be raised against the Group for soil remediation or for remediation concerning presence or suspicion of pollution in soil, water areas or ground water, in order to put the property in a condition pursuant to the Swedish Environmental Code. If any of the Group's properties prove to be contaminated, it may result in a limitation of the Group's planned use of the property, lead to significant costs for after-treatment and/or adversely affect the value of the property. Corem deems the probability of such risks materializing to be *medium*. Furthermore, on 1 August 2020, the new Waste Ordinance (2020:614) (Sw. *avfallsförordningen (2020:614)*) entered into force. Routines for complying with the new waste ordinance are currently being implemented at the Company. If the Company were to fail to successfully comply with existing or new environmental regulations, it could adversely affect the Company due to fines or reputation. However, since the responsibility of waste disposal in the majority of lease agreements is placed on the tenant, Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.2 Risks related to the Bonds

1.2.1 Financial risks

Credit risk

Investors who invest in the Bonds become exposed to a credit risk in relation to Corem, including the risk of losing the value of the entire investment. The investor's right to receive payment under the Terms and Conditions is dependent on the Group's ability to fulfil its payment obligations, which in its turn is dependent on the development of the Group's business activities and its financial position. A general downturn in the Group's financial position could increase the credit risk with subsequent higher risk premium for the Bonds on the market and could negatively affect the Group's ability to refinance the Bonds at maturity, which ultimately could decrease the market price of the Bonds. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact on Corem's ability to fulfil its payment obligations to be *high*.

Interest rate risk

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. The interest rate of the Bonds are calculated as 3 months STIBOR plus an interest margin. As market interest rates in Sweden are relatively low compared historically, there is a risk that market rates increase in the future. Investments in the Bonds involve a risk that the market value of the Bonds may be negatively affected by increases in market interest rates, as Bonds or notes issued in a

higher interest environment may yield a higher total return than the Bonds, which may make it difficult for the Bondholders to sell the Bonds on a time and at a price acceptable to the Bondholder. Corem deems the probability of such risk materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

In order to ensure the reliability of reference rates (such as STIBOR), legislative action at EU level has been taken. Hence, the so-called Benchmark Regulation (Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indexes used as reference values for financial instruments and financial agreements or for measuring investment fund results and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014) were added and entered into force on 1 January 2018. The Benchmark Regulation regulates the provision of reference values, reporting of data bases for reference values and use of reference values within the EU. Since the benchmark regulation has only been applied for a short period of time, the effects of it so far are difficult to assess. However, there are future risks that the benchmark regulation affects how certain reference rates are determined and how they are developed. This in conjunction with increased administrative requirements can lead to a reduced number of entities involved in the determination of reference rates, which, in such case, would lead to a certain reference interest ceasing to be published. As the interest rate of the Bonds are calculated as 3 months STIBOR plus an interest margin, an investor in the Bonds may be adversely affected if STIBOR ceases to be calculated or administered, or if revisions are made to the way STIBOR is determined in the future, an investor in the Bonds may be adversely affected. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *low*.

Risks related to admission to trading

Corem has undertaken to ensure that the Bonds and any Subsequent Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within certain stipulated time periods, as defined in the Terms and Conditions. There is a risk that the Bonds will not be admitted to trading on the relevant market place within the intended time frames or at all, which may entail that the market value of the Bonds decrease and it may be difficult to sell the Bonds. In addition, if the Bonds are not admitted to trading within 60 days after the Issue Date, the Bonds will cease to qualify as an investment asset (Sw: *investeringstillgång*) as stipulated in the Swedish Income Tax Act (Sw: *inkomstskattelagen (1999:1229)*) and must be discharged from any investment savings account (Sw: *investeringssparkonto*), which may have a material adverse effect on a Bondholder's tax position with respect to the Bonds. Failure to obtain listing in time would provide each Bondholder with a right of prepayment (put option) of its Bonds.

Even if the Bonds are admitted to trading on a Regulated Market, the liquidity and trading price of the Bonds may vary as a result of numerous factors, including general market movements and irrespective of Corem's performance. This may entail that a Bondholder cannot sell his or her Bonds at the desired time or at a yield which is comparable to similar investments that have an existing and functioning secondary market. A lack of liquidity in the market may have a negative impact on the market value of the Bonds. There is a risk that a demand for and trading with the Bonds does not occur or is not maintained.

Corem deems the probability of the secondary trading in the Bonds being impacted as described above as *medium*. If the risks would materialize, Corem considers the potential impact to be *low*.

Risk related to green bonds

The Bonds are defined as green bonds according to Corem's green bond framework (the "**Green Bond Framework**") as it is worded on the issue date of the relevant Bonds. The Green Bond Framework, as well as market practice for green bonds, may be amended and develop after the issue date for the relevant Bonds, thus affecting any requirements applicable to Corem in respect of any other Subsequent Bonds. Amendments to the Green Bond Framework after the issue date for the relevant Bonds will not affect the conditions applicable to the relevant Bonds. Corem's failure to comply with the Green Bond Framework or use the proceeds from the issue of the Bonds in accordance therewith does not constitute an event of default under the Terms and Conditions, and would not permit bondholders to exercise any early redemption rights or receive any other type of compensation for non-compliance with the Green Bond Framework. Hence, there is a risk that expectations of investors, insofar such expectations are related to the compliance with the Green Bond Framework, are not met. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.2.2 **Risks related to the bondholders' rights**

Priority rights and structural subordination

The Bonds constitute direct, unconditional, unsubordinated and unsecured obligations of Corem and shall rank at least pari passu with other direct, unconditional, unsubordinated and unsecured obligations of Corem. The Bonds are not guaranteed by any of Corem's subsidiaries or any other company or person. This means that the Bonds are structurally subordinated to any indebtedness raised in any of the property owning subsidiaries, and so the creditors of such indebtedness have priority over the Bondholders to the assets and revenue generated in the subsidiaries. In the event of Corem's liquidation, company reconstruction or bankruptcy, a Bondholder would normally receive payment after any prioritized creditors (e.g. lenders or investors that have the benefit of security) have received payment. The Terms and Conditions do not include any restriction on the ability of the Group to incur additional indebtedness (other than indirectly, by financial undertakings relating to interest cover ratio and the equity ratio) and hence Corem may post security to other lenders which would not secure the Bonds. In the event a subsidiary becomes subject of liquidation, company reconstruction or bankruptcy the subsidiary's creditors have priority over Corem as well as the Bondholders. Each investor should be aware of the risk that a Bondholder may lose the whole, or part of, his or her investment in the event of Corem's liquidation, bankruptcy or company reconstruction. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *high*.

Risks related to acceleration of the Bonds and put options

Corem is required to comply with the Terms and Conditions, inter alia, to pay interest under the Bonds. Upon the occurrence of an Event of Default (as specified in the Terms and Conditions), the Bonds may be accelerated at the terms and price set out in the Terms and Conditions. Furthermore, upon the occurrence of a Change of Control Event, a Delisting Event or a Listing Failure Event (as defined in the Terms and Conditions), each Bondholder will have a right to request (put option) that all, or only some, of its Bonds be repurchased at the terms and price set out in the Terms and Conditions. Following any of the above mentioned events, there is a risk that Corem will not have sufficient funds at the time of such acceleration or repurchase to make the required redemption of, or payment in respect of, the Bonds. This could in turn adversely affect Corem's ability to meet its financial obligations and

consequently affect all Bondholders, including those who did not exercise the option. Corem deems the probability of such risk materializing to be *high* in respect of a Change of Control Event, and *low* in respect of an Event of Default, a Delisting Event and a Listing Failure Event. If the risks would materialize, Corem considers the potential impact to be *medium*.

3 SUMMARY OF THE BOND LOAN

This section provides a general and broad description of the Bonds. It does not claim to be comprehensive or cover all details of the Bonds. Potential investors should therefore carefully consider this Prospectus as a whole, including the documents incorporated by reference (see below Section 6.2 (Documents incorporated by reference)) and the full Terms and Conditions for the Bonds, which can be found in the Section 7 (Terms and Conditions for the Bonds), before a decision is made to invest in the Bonds.

3.1 The Bonds

The Bonds are senior unsecured floating rate green bonds. The aggregate nominal amount of the Bonds is maximum SEK 3,000,000,000 represented by a maximum number of 2,400 Bonds denominated in SEK, each Bond with a Nominal Amount of SEK 1,250,000. As of the date of the Prospectus 1,880 Bonds in the aggregate nominal amount of SEK 2,350,000,000 have been issued. The Company may at one or more occasions issue Subsequent Bonds in accordance with Clause 2.5 of the Terms and Conditions, until the total amount of Subsequent Bonds and the Initial Bonds equals SEK 3,000,000,000. For the avoidance of doubt, this Prospectus has been prepared solely for the purpose of the Initial Bonds and has not been prepared for the purpose of any Subsequent Bonds.

The Bonds have been issued in accordance with Swedish law and are affiliated to the account-based system of Euroclear Sweden AB (P.O. Box 191, SE-101 23 Stockholm, Sweden). Holding of the Bonds is recorded at each Bondholder's Securities Account. No physical notes have been or will be issued. Payment of principal, interest and, if applicable, withholding of preliminary tax will be made through Euroclear's book-entry system.

The Bonds' ISIN-code is SE0017132681. The Bonds' FISN-code is COREM/FRN DEBT 20241021 and the Bonds' CFI-code is DBVNDR.

3.2 Green Bond Framework

The Bonds are defined as green bonds under the Company's Green Bond Framework as it is worded on the issue date of the relevant Bonds, which for the Initial Bonds is the version of the Green Bond Framework established in September 2020. The Company's Green Bond Framework has been developed in alignment with the Green Bond Principles 2018 ("GBP"). The Green Bond Framework is applicable for issuance of green bonds and other types of debt instruments where net proceeds will be applied to finance or re-finance, in part or in full, new and/or existing eligible projects/assets with clear environmental benefits. The Green Bond Framework is, moreover, aligned with the four recommended components of the GBP; Use of Proceeds, Process for Project/Asset Evaluation and Selection, Management of Proceeds and Reporting. The Green Bond Framework is focusing on environmentally friendly and energy-efficient buildings and investments in energy efficiency solutions.

The Green Bond Framework has been reviewed by the impartial firm CICERO Shades of Green, which has provided a second opinion to confirm its alignment with the GBP. The Green Bond Framework and second opinion are available on Corem's website www.corem.se/sv/hallbarhet/ramverk-for-gron-finansiering/ (the information on the website does not form part of the prospectus unless that information

is incorporated by reference into the Prospectus, and it has not been reviewed or approved by the competent authority).

3.3 Use of proceeds

Corem shall use an amount corresponding to the Net Proceeds (the gross proceeds from the offering of the relevant Bonds, minus the costs incurred by the Company in conjunction with the issuance thereof) in accordance with the Green Bond Framework, meaning financing or refinancing of green buildings and investments in energy efficiency. Refinancing includes redemption of outstanding bonds.

3.4 Admission to trading

Corem shall ensure that the Bonds issued on the First Issue Date are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within six (6) months after issuance, and that it remains admitted and that, upon any issuance of Subsequent Bonds, when the Bonds issued on the First Issue Date have been listed, such Subsequent Bonds are listed not later than sixty (60) Business Days after the relevant Issue Date, and the volume of listed Bonds is increased accordingly. Corem expects total costs in connection with the admission to trading of the Bonds to amount to no more than SEK 200,000.

The Bonds will be listed on the sustainable bond list of Nasdaq Stockholm, which is a Regulated Market.

3.5 Status of the Bonds

The Bonds are in the form of debt instruments intended for public sale. A Bond confirms that the Bondholder has a claim against Corem. The Bonds constitute direct, unconditional, unsubordinated and unsecured obligations of Corem and shall at all times rank *pari passu* and without any preference among them, and at least *pari passu* with all other direct, unconditional, unsubordinated and unsecured obligations of the Company, except obligations which are preferred by mandatory regulation. The Bonds are freely transferable and trading with the Bonds between investors may occur from the date the Bonds were issued. The Bondholders may be subject to purchase or transfer restrictions with regard to the Bonds under local laws to which a Bondholder may be subject. The Bonds have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction.

3.6 Issuance and maturity

The Initial Bonds were issued on 21 January 2022. Corem shall redeem all, but not some only, of the outstanding Bonds in full on the Final Maturity Date with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest, unless and to the extent not previously redeemed or repurchased in accordance with the Terms and Conditions. The Final Maturity Date shall take place on 21 October 2024. Payment of the Nominal Amount and accrued but unpaid Interest shall be made to the person who is registered on a Securities Account as Bondholder, or to the person who is otherwise entitled to receive payment under a Bond on the Record Date prior to the Redemption Date. The right to receive repayment of the principal of the Bonds shall be prescribed and void ten (10) years from the Redemption Date.

3.7 Issuer's purchase of the Bonds

Corem may, subject to applicable regulations, at any time and at any price purchase Bonds on the market or in any other way. The Bonds held by Corem may at Corem's discretion be retained or sold, but not cancelled, except in connection with a redemption of the Bonds in full.

3.8 Issuer's Call Option

Corem may redeem all, but not some only, of the outstanding Bonds in full any time from and including the first Business Day falling three (3) months prior to the Final Maturity Date to, but excluding, the Final Maturity Date, at a price equal to 100 percent of the Nominal Amount together with accrued but unpaid Interest.

Further, Corem may redeem all, but not some only, of the outstanding Bonds at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest on a Redemption Date determined by Corem if it is or becomes unlawful for Corem to perform its obligations under the Finance Documents, in accordance with Section 9.4 (*Early redemption due to illegality (call option)*) of the Terms and Conditions.

3.9 Put Option

Each Bondholder shall have the right to request that all, or only some, of its Bonds are repurchased at a price per Bond equal to 101 per cent of the Nominal Amount together with accrued but unpaid Interest if a Change of Control Event, a Delisting Event or a Listing Failure Event occurs. Such right lapses after a period of 20 Business Days following a notice from the Company of the Change of Control Event, the Delisting Event or the Listing Failure Event.

3.10 Acceleration of the Bonds

Under certain conditions specified under Section 13 (*Acceleration of the Bonds*) of the Terms and Conditions, the Bondholders are entitled to request that Corem redeems the Bonds at an amount equal to 100 per cent of the Nominal Amount together with accrued but unpaid Interest.

3.11 Interest

Each Initial Bond carries an interest at three (3) months STIBOR plus 2.75 percentage units per annum from (but excluding) 21 January 2022 (the First Issue Date) up to (and including) the relevant Redemption Date. Interest is paid quarterly in arrears on each Interest Payment Date and is calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 days (Day-count fraction is Act/360-days basis). Interest shall under the Terms and Conditions never be calculated as being an amount less than zero (0). Interest Payment Date means 21 January, 21 April, 21 July and 21 October of each year. The right to payment of Interest becomes prescribed and void three (3) years after each Interest Payment Date.

3.12 Representation of the holders

Nordic Trustee & Agency AB (publ) is acting as agent for the holders in relation to the Bonds, and if relevant, any other matter within its authority or duty in accordance with the Terms and Conditions. By acquiring Bonds, each Bondholder confirms such appointment and authorisation for the agent to act on its behalf in any legal or arbitration proceedings relating to the Bonds held by such Bondholder. An agency agreement was entered into between the Agent and the Company on or about the First Issue Date regarding, among others, the remuneration payable to the Agent and indemnification. The agency agreement is available at the Agent's office address (Norrandsgatan 23, SE-111 43 Stockholm, Sweden) during normal business hours and at Corems website <https://www.corem.se/sv/investerare/prospekt-och-villkor/> (the information on the website does not form part of the prospectus unless that information is incorporated by reference into the Prospectus, and it has not been reviewed or approved by the competent authority). The Agent may, at any time, convene a Bondholders' Meeting or instigate a Written Procedure among Bondholders, which may lead to a majority decision in order to bind all Bondholders, see Section 15 (*Decisions by Bondholders*) in the Terms and Conditions. The rights and obligations of the Agent are further set forth in the Terms and Conditions.

3.13 Benchmark Regulation

The interest payable under the Bonds is calculated by reference to the benchmark STIBOR, as defined in the Terms and Conditions. Since 20 April 2020 STIBOR is administrated by Swedish Financial Benchmark Facility AB ("**SFBF**") (a wholly owned subsidiary of Global Rate Set Systems Ltd). SFBF assumes overall responsibility and is the principal for STIBOR. As of the date of this Prospectus, SFBF is not included in the register referred to in article 36 in Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 ("**BMR**"). As far as Corem is aware, the transitional provisions in Article 51 of the BMR apply, such that the Swedish Banker's Association is not currently required to obtain authorisation or registration.

3.14 Advisers

Swedbank AB (publ) and Nordea Bank Abp have acted as Joint Bookrunners and Swedbank AB (publ) has acted as the Issuing Agent in connection with the issuance of the Initial Bond. Walthon Advokater AB has acted as the legal advisor to Corem in connection with the issuance of the Initial Bonds.

- (l) **“assets”** includes present and future properties, revenues and rights of every description;

- (m) any agreement or instrument is a reference to that agreement or instrument as supplemented, amended, novated, extended, restated or replaced from time to time;
- (n) a “**regulation**” includes any law, regulation, rule or official directive, request or guideline (whether or not having the force of law) of any governmental, intergovernmental or supranational body, agency, department or regulatory, self-regulatory or other authority or organisation;
- (o) a provision of regulation is a reference to that provision as amended or re-enacted; and
- (p) a time of day is a reference to Stockholm time.

1.2.2 An Event of Default is continuing if it has not been remedied or waived.

1.2.3 When ascertaining whether a limit or threshold specified in Swedish Kronor has been attained or broken, an amount in another currency shall be counted on the basis of the rate of exchange for such currency against Swedish Kronor for the previous Business Day, as published by the Swedish Central Bank (Sw: *Riksbanken*) on its website (www.riksbank.se). If no such rate is available, the most recently published rate shall be used instead.

1.2.4 A notice shall be deemed to be sent by way of press release if it is made available to the public within Sweden promptly and in a non-discriminatory manner.

1.2.5 No delay or omission of the Agent or of any Bondholder to exercise any right or remedy under the Finance Documents shall impair or operate as a waiver of any such right or remedy.

1.2.6 The selling and distribution restrictions, the privacy notice and any other information contained in this document before the table of contents section do not form part of these Terms and Conditions and may be updated without the consent of the Bondholders and the Agent.

2. STATUS OF THE BONDS

2.1 The Bonds are denominated in Swedish Kronor and each Bond is constituted by these Terms and Conditions. The Issuer undertakes to make payments in relation to the Bonds and to comply with these Terms and Conditions.

2.2 By subscribing for Bonds, each initial Bondholder agrees that the Bonds shall benefit from and be subject to the Finance Documents and by acquiring Bonds, each subsequent Bondholder confirms such agreement.

2.3 The nominal amount of each Bond is SEK 1,250,000 (the “**Nominal Amount**”). The Total Nominal Amount of the Initial Bonds as at the First Issue Date is SEK 2,350,000,000. All Initial Bonds are issued on a fully paid basis at an issue price of 100 per cent. of the Nominal Amount.

2.4 The minimum permissible investment in the issuance of Initial Bonds is SEK 1,250,000.

- 2.5 Provided that no Event of Default is continuing or would result following the expiry of a grace period, the giving of a notice, the making of any determination (or any combination of the foregoing) or from such issue, the Issuer may, on one or several occasions, issue Subsequent Bonds. Subsequent Bonds shall benefit from and be subject to the Finance Documents, and, for the avoidance of doubt, the ISIN, the Interest Rate, the Nominal Amount and the Final Maturity Date applicable to the Initial Bonds shall apply to Subsequent Bonds. The price of the Subsequent Bonds may be set at the Nominal Amount, at a discount or at a premium compared to the Nominal Amount. The maximum Total Nominal Amount of the Bonds (the Initial Bonds and all Subsequent Bonds) may not exceed SEK 3,000,000,000 unless a consent from the Bondholders is obtained in accordance with Clause 15. Each Subsequent Bond shall entitle its holder to Interest in accordance with Clause 8.1, and otherwise have the same rights as the Initial Bonds.
- 2.6 The Bonds constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them, and at least *pari passu* with all other direct, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation.
- 2.7 The Bonds are freely transferable but the Bondholders may be subject to purchase or transfer restrictions with regard to the Bonds, as applicable, under local regulations to which a Bondholder may be subject. Each Bondholder must ensure compliance with such restrictions at its own cost and expense.
- 2.8 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Bonds or the possession, circulation or distribution of any document or other material relating to the Issuer or the Bonds in any jurisdiction other than Sweden, where action for that purpose is required. Each Bondholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Bonds.

3. USE OF PROCEEDS

The Issuer shall use an amount corresponding to the Net Proceeds from the issue of the Bonds in accordance with the Green Bond Framework, including financing or refinancing of green buildings and investments in energy efficiency, mandatory repurchase and redemption of outstanding bonds and repurchase of Klöver's outstanding bonds with ISIN SE0011063163.

4. CONDITIONS FOR DISBURSEMENT

- 4.1 The Issuer shall provide to the Agent, as soon as possible but no later than 14.00 p.m. three (3) Business Days prior to the First Issue Date (or such later time as agreed by the Agent) the following:
- (q) the Finance Documents and the Agency Agreement duly executed by the Issuer and the Agent;
 - (r) a copy of a resolution from the board of directors of the Issuer approving the issue of the Initial Bonds, the terms of the Finance Documents, and resolving to authorise the relevant person(s) to enter into such documents and any other documents necessary in connection therewith; and
 - (s) the articles of association and certificate of incorporation of the Issuer.

4.2 The Issuer shall provide to the Agent, as soon as possible but no later than 14.00 p.m. three (3) Business Days prior to the Issue Date of any Subsequent Bonds (or such later time as agreed by the Agent) the following:

- (t) a copy of a resolution from the board of directors of the Issuer approving the issue of the Subsequent Bonds and resolving to enter into documents necessary in connection therewith;
- (u) the articles of association and certificate of incorporation of the Issuer; and
- (v) a certificate from the Issuer confirming that no Event of Default is continuing or would result from the issue of the Subsequent Bonds and that no such issuance would cause a breach of any undertaking of the Issuer in accordance with Clause 12 (*Financial Undertakings*).

4.3 The Agent may assume that the documentation and evidence delivered to it pursuant to Clause 4.1 or 4.2 is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation. The documentation and evidence delivered to the Agent pursuant to Clause 4.1 or 4.2 are not reviewed by the Agent from a legal or commercial perspective of the Bondholders.

4.4 The Agent shall promptly confirm to the Issuing Agent when it is satisfied that the conditions precedent in Clause 4.1 or 4.2, as the case may be, have been fulfilled (or amended or waived in accordance with Clause 16 (*Amendments and waivers*)). The relevant Issue Date shall not occur unless the Agent makes such confirmation to the Issuing Agent prior to the relevant Issue Date.

4.5 Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.4, the Issuing Agent shall settle the issuance of Bonds and pay the Net Proceeds of the Initial Bonds or the Subsequent Bonds (as applicable) to the Issuer on the relevant Issue Date.

5. BONDS IN BOOK-ENTRY FORM

5.1 The Bonds will be registered for the Bondholders on their respective Securities Accounts and no physical bonds will be issued. Accordingly, the Bonds will be registered in accordance with the Central Securities Depositories and Financial Instruments Accounts Act. Registration requests relating to the Bonds shall be directed to an Account Operator.

5.2 Those who according to assignment, Security, the provisions of the Swedish Children and Parents Code (*Sw: föräldrabalken (1949:381)*), conditions of will or deed of gift or otherwise have acquired a right to receive payments in respect of a Bond shall register their entitlements to receive payment in accordance with the Central Securities Depositories and Financial Instruments Accounts Act.

5.3 The Issuer (and the Agent when permitted under the CSD Regulations) shall at all times be entitled to obtain information from the Debt Register. At the request of the Agent, the Issuer shall promptly obtain such information and provide it to the Agent. For the purpose of carrying out any administrative procedure that arises out of the Finance Documents, the Issuing Agent shall be entitled to obtain information from the Debt Register.

5.4 The Issuer, the Agent and the Issuing Agent may use the information referred to in Clause 5.3 only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and the Agency Agreement and shall not disclose such information to any Bondholder or third party unless necessary for such purposes.

5.5 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the debt register kept by the CSD in respect of the Bonds. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Bondholders.

6. RIGHT TO ACT ON BEHALF OF A BONDHOLDER

6.1 If any person other than a Bondholder wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other proof of authorisation from the Bondholder or a successive, coherent chain of powers of attorney or proofs of authorisation starting with the Bondholder and authorising such person.

6.2 A Bondholder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Bonds held by it. Any such representative may act independently under the Finance Documents in relation to the Bonds for which such representative is entitled to represent the Bondholder.

6.3 The Agent shall only have to examine the face of a power of attorney or other proof of authorisation that has been provided to it pursuant to Clause 6.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face.

6.4 These Terms and Conditions shall not affect the relationship between a Bondholder who is the nominee (Sw: *förvaltare*) with respect to a Bond and the owner of such Bond, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

7. PAYMENTS IN RESPECT OF THE BONDS

7.1 Any payment or repayment under the Finance Documents, or any amount due in respect of a repurchase of any Bonds, shall be made to such person who is registered as a Bondholder on the Record Date prior to an Interest Payment Date or other relevant payment date, or to such other person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.

7.2 If a Bondholder has registered, through an Account Operator, that principal, Interest or any other payment shall be deposited in a certain bank account, such deposits will be effected by the CSD on the relevant payment date. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid as soon as possible after such obstacle has been removed.

7.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 8.4 during such postponement.

7.4 If payment or repayment is made in accordance with this Clause 7, the Issuer and the CSD shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a person not entitled to receive such amount, unless the Issuer or the CSD (as applicable) was aware of that the payment was being made to a person not entitled to receive such amount.

7.5 The Issuer is not liable to gross-up any payments under the Finance Documents by virtue of any withholding tax, public levy or the similar.

8. INTEREST

8.1 Each Initial Bond carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the First Issue Date up to (and including) the relevant Redemption Date. Any Subsequent Bond will carry Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to (and including) the relevant Redemption Date. For the avoidance of doubt, interest under these Terms and Conditions shall never be calculated as being an amount less than zero (0).

8.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Bonds shall be made to the Bondholders on each Interest Payment Date for the preceding Interest Period.

8.3 Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).

8.4 If the Issuer fails to pay any amount payable by it under the Finance Documents on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is 200 basis points higher than the Interest Rate. The default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

9. REDEMPTION AND REPURCHASE OF THE BONDS

9.1 Redemption at maturity

The Issuer shall redeem all, but not some only, of the outstanding Bonds in full on the Final Maturity Date with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest. If the Final Maturity Date is not a Business Day, then the redemption shall occur on the Business Day following from an application of the Business Day Convention if permitted according to the CSD Regulation, and otherwise on the first following Business Day.

9.2 Issuer's purchase of Bonds

The Issuer may, subject to applicable regulations, at any time and at any price purchase Bonds on the market or in any other way. The Bonds held by the Issuer may at the Issuer's discretion be retained or sold, but not cancelled, except in connection with a redemption of the Bonds in full.

9.3 **Voluntary total redemption (call option)**

- 9.3.1 The Issuer may redeem all, but not some only, of the outstanding Bonds in full any time from and including the first Business Day falling three (3) months prior to the Final Maturity Date to, but excluding, the Final Maturity Date, at a price equal to 100 per cent. of the Nominal Amount together with accrued but unpaid Interest.
- 9.3.2 Redemption in accordance with Clause 9.3.1 shall be made by the Issuer giving not less than ten (10) Business Days' notice to the Bondholders and the Agent, in each case calculated from the effective date of the notice. The notice from the Issuer shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Bondholder to receive the amounts due on such Redemption Date. The notice is irrevocable but may, at the Issuer's discretion, contain one or more conditions precedent that shall be satisfied prior to the Record Date. Upon expiry of such notice and the fulfilment of the conditions precedent (if any), the Issuer shall redeem the Bonds in full at the applicable amount on the specified Redemption Date.

9.4 **Early redemption due to illegality (call option)**

- 9.4.1 The Issuer may redeem all, but not some only, of the outstanding Bonds at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest on a Redemption Date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Finance Documents.
- 9.4.2 The Issuer shall give notice of redemption pursuant to Clause 9.4.1 no later than twenty (20) Business Days after having received actual knowledge of any event specified therein (after which time period such right shall lapse).
- 9.4.3 A notice of redemption in accordance with Clause 9.4.1 is irrevocable and shall specify the Redemption Date and the Record Date on which a person shall be registered as a Bondholder to receive the amounts due on such Redemption Date. The Issuer shall redeem the Bonds in full at the applicable amount on the specified Redemption Date.

9.5 **Mandatory repurchase due to a Change of Control Event, Delisting Event or a Listing Failure Event (put option)**

- 9.5.1 Upon the occurrence of a Change of Control Event, a Delisting Event, or a Listing Failure Event, each Bondholder shall during a period of twenty (20) Business Days following a notice from the Issuer of the Change of Control Event, the Delisting Event or the Listing Failure Event pursuant to Clause 10.1.2 (after which time period such right shall lapse) have the right to request that all, or some only, of its Bonds are repurchased at a price per Bond equal to 101 per cent. of the Nominal Amount together with accrued but unpaid Interest. However, such period may not start earlier than upon the occurrence of the Change of Control Event, the Delisting Event or the Listing Failure Event, as the case may be.
- 9.5.2 The notice from the Issuer pursuant to Clause 10.1.2 shall specify the period during which the right pursuant to Clause 9.5.1 may be exercised, the Redemption Date and include instructions about the actions that a Bondholder needs to take if it wants Bonds held by it to be repurchased.
- 9.5.3 If a Bondholder has so requested, and acted in accordance with the instructions in the notice from the Issuer, the Issuer shall repurchase the relevant Bonds and the repurchase

amount shall fall due on the Redemption Date specified in the notice given by the Issuer pursuant to Clause 10.1.2. The Redemption Date must fall no later than forty (40) Business Days after the end of the period referred to in Clause 9.5.1.

- 9.5.4 The Issuer shall comply with the requirements of any applicable securities regulations in connection with the repurchase of Bonds. To the extent that the provisions of such laws and regulations conflict with the provisions in this Clause 9.5, the Issuer shall comply with the applicable securities regulations and will not be deemed to have breached its obligations under this Clause 9.5 by virtue of the conflict.
- 9.5.5 Any Bonds repurchased by the Issuer pursuant to this Clause 9.5 may at the Issuer's discretion be retained, sold or cancelled in accordance with Clause 9.2.
- 9.5.6 The Issuer shall not be required to repurchase any Bonds pursuant to this Clause 9.5, if a third party in connection with the occurrence of a Change of Control Event offers to purchase the Bonds in the manner and on the terms set out in this Clause 9.5 (or on terms more favourable to the Bondholders) and purchases all Bonds validly tendered in accordance with such offer. If Bonds tendered are not purchased within the time limits stipulated in this Clause 9.5, the Issuer shall repurchase any such Bonds within five (5) Business Days after the expiry of the time limit.

10.1.3 When the financial statements are made available to the Bondholders pursuant to Clause 10.1.1, the Issuer shall submit to the Agent a Compliance Certificate. The Compliance Certificate shall for the purpose of confirming that the financial undertakings set out in Clause 12 (*Financial Undertakings*) have been met, include figures and the basis on which the Equity Ratio and the Interest Coverage Ratio have been calculated.

10.1.4 The Issuer shall immediately notify the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, or any event or circumstance which would (with the expiry of a grace period, the giving of notice, the making of any determination or any combination of any of the foregoing) constitute an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice. Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.

10.2 **Information from the Agent**

The Agent is entitled to disclose to the Bondholders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Bondholders delay disclosure or refrain from disclosing certain information (other than in respect of an Event of Default that has occurred and is continuing, which shall be dealt with in accordance with Clauses 13.4 and 13.5).

10.3 **Information among the Bondholders**

However, if such date would fall prior to listing of the Initial Bonds, the Subsequent Bonds shall be listed together with the Initial Bonds.

11.5.3 Following an admission to trading, the Issuer shall take all actions on its part to maintain the admission as long as any Bonds are outstanding, but not longer than up to and including the last day on which the admission to trading reasonably can, pursuant to the then applicable regulations of the Regulated Market and the CSD, subsist.

11.5.4 It is the Issuer's intention that the Initial Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within 30 calendar days after the First Issue Date. - 13.2 In the event that IFRS changes, and no longer recognizes or requires fair value adjustments in the calculation of the book value of properties, the equity and total assets shall (for the calculation of Equity Ratio above) nevertheless be adjusted with reference to such market values as if IFRS, as applied on the First Issue Date, would remain applicable.
- 13.3 The Agent may not accelerate the Bonds in accordance with Clause 13.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently).

- 13.6 If the right to accelerate the Bonds is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 13.7 In the event of an acceleration of the Bonds in accordance with this Clause 13, the Issuer shall redeem all Bonds at an amount per Bond equal to 100 per cent. of the Nominal Amount together with accrued but unpaid Interest.

14. DISTRIBUTION OF PROCEEDS

such amount calculated from the date it was due to be paid or reimbursed by the Issuer;

- (ss) *secondly*, in or towards payment *pro rata* of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (tt) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
- (uu) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under the Finance Documents, including default interest in accordance with Clause 8.4 on delayed payments of Interest and repayments of principal under the Bonds.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (uu) above shall be paid to the Issuer.

- 14.2 If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 14.1(rr), such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 14.1(rr).
- 14.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Bonds constitute escrow funds (Sw: *redovisningsmedel*) and must be held on a separate bank account on behalf of the Bondholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 14 as soon as reasonably practicable.
- 14.4 If the Issuer or the Agent shall make any payment under this Clause 14, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least fifteen (15) Business Days before the payment is made. The notice from the Issuer shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Bondholder to receive the amounts due on such Redemption Date. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 7.1 shall apply.

15. DECISIONS BY BONDHOLDERS

15.1 Request for a decision

- 15.1.1 A request by the Agent for a decision by the Bondholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Bondholders' Meeting or by way of a Written Procedure.
- 15.1.2 Any request from the Issuer or a Bondholder (or Bondholders) representing at least 10 per cent. of the Adjusted Nominal Amount (such request shall, if made by several Bondholders, be made by them jointly) for a decision by the Bondholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a Bondholders' Meeting or by way of a Written Procedure, as determined by the Agent. The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Bondholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Bondholders' Meeting.

- 15.1.3 The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Bondholders and such person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable regulations.
- 15.1.4 The Agent shall not be responsible for the content of a notice for a Bondholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 15.1.5 Should the Agent not convene a Bondholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 15.1.3 being applicable, the Issuer or the Bondholder(s) requesting a decision by the Bondholders may convene such Bondholders' Meeting or instigate such Written Procedure, as the case may be, instead. The Issuer shall upon request provide the convening Bondholder(s) with the information available in the Debt Register in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Bondholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.
- 15.1.6 Should the Issuer want to replace the Agent, it may (i) convene a Bondholders' Meeting in accordance with Clause 15.2 (*Convening of Bondholders' Meeting*) or (ii) instigate a Written Procedure by sending communication in accordance with Clause 15.3 (*Instigation of Written Procedure*). After a request from the Bondholders pursuant to Clause 17.4.3, the Issuer shall no later than ten (10) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 15.2. The Issuer shall inform the Agent before a notice for a Bondholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.
- 15.1.7 Should the Issuer or any Bondholder(s) convene a Bondholders' Meeting or instigate a Written Procedure pursuant to Clause 15.1.5 or 15.1.6, then the Agent shall no later than five (5) Business Days' prior to dispatch of such notice or communication be provided with a draft thereof. The Agent may further append information from it together with the notice or communication, provided that the Agent supplies such information to the Issuer or the Bondholder(s), as the case may be, no later than one (1) Business Day prior to the dispatch of such notice or communication.
- 15.2 **Convening a Bondholders' Meeting**
- 15.2.1 The Agent shall convene a Bondholders' Meeting by way of notice to the Bondholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete notice from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 15.2.2 The notice pursuant to Clause 15.2.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) a specification of the Record Date on which a person must be registered as a Bondholder in order to be entitled to exercise voting rights, (iv) a form of power of attorney, and (v) the agenda for the meeting. The reasons for, and contents of, each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment

must always be set out in detail. Should prior notification by the Bondholders be required in order to attend the Bondholders' Meeting, such requirement shall be included in the notice.

15.2.3 The Bondholders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days after the effective date of the notice.

15.2.4 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Bondholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Bondholders to vote without attending the meeting in person.

15.3 **Instigation of Written Procedure**

15.3.1 The Agent shall instigate a Written Procedure by way of sending a communication to the Bondholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete communication from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons).

15.3.2 A communication pursuant to Clause 15.3.1 shall include (i) a specification of the Record Date on which a person must be registered as a Bondholder in order to be entitled to exercise voting rights, (ii) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (iii) the stipulated time period within which the Bondholder must reply to the request (such time period to last at least ten (10) Business Days and not longer than thirty (30) Business Days from the effective date of the communication pursuant to Clause 15.3.1). The reasons for, and contents of, each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. If the voting is to be made electronically, instructions for such voting shall be included in the communication.

15.3.3 If so elected by the person requesting the Written Procedure and provided that it is also disclosed in the communication pursuant to Clause 15.3.1, when consents from Bondholders representing the requisite majority of the total Adjusted Nominal Amount pursuant to Clauses 15.4.2 and 15.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 15.4.2 or 15.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

15.4 **Majority, quorum and other provisions**

15.4.1 Only a Bondholder or a person who has been provided with a power of attorney or other authorisation pursuant to Clause 6 (*Right to act on behalf of a Bondholder*) from a Bondholder:

Such Record Date specified pursuant to paragraph (a) or (b) above must fall no earlier than one (1) Business Day after the effective date of the notice or communication, as the case may be.

15.4.2 The following matters shall require the consent of Bondholders representing at least two thirds (2/3) of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2:

- (xx) the issue of any Subsequent Bonds, if the total nominal amount of the Bonds exceeds, or if such issue would cause the total nominal amount of the Bonds to at any time exceed, SEK 3,000,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Bonds are issued);
- (yy) a change to the terms of any of Clause 2.1, and Clauses 2.6 to 2.8;
- (zz) a change to the Interest Rate or the Nominal Amount (for the avoidance of doubt, this does not apply to a change to the Interest Rate that occur pursuant to Clause 19 (*Replacement of Base Rate*);
- (aaa) a change to the terms for the distribution of proceeds set out in Clause 14 (*Distribution of proceeds*);
- (bbb) a change to the terms dealing with the requirements for Bondholders' consent set out in this Clause 15.4 (*Majority, quorum and other provisions*);

- (ddd) a mandatory exchange of the Bonds for other securities; and
- (eee) early redemption of the Bonds, other than upon an acceleration of the Bonds pursuant to Clause 13 (*Acceleration of the Bonds*) or as otherwise permitted or required by these Terms and Conditions.

15.4.3 Any matter not covered by Clause 15.4.2 shall require the consent of Bondholders representing more than 50 per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 16.1(hhh) or (jjj)), and acceleration of the Bonds.

15.4.4 Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least 50 per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.4.2, and otherwise 20 per cent. of the Adjusted Nominal Amount:

- (fff) if at a Bondholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 15.4.2 (or appear through duly authorised representatives); or
- (ggg) if in respect of a Written Procedure, reply to the request.
- 15.4.5 If a quorum exists for some, but not all, of the matters to be dealt with at a Bondholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.
- 15.4.6 If a quorum does not exist at a Bondholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Bondholders' Meeting (in accordance with Clause 15.2.1) or initiate a second Written Procedure (in accordance with Clause 15.3.1), as the case may be, provided that the person(s) who initiated the procedure for Bondholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Bondholders' Meeting or second Written Procedure pursuant to this Clause 15.4.6, the date of request of the second Bondholders' Meeting pursuant to Clause 15.2.1 or second Written Procedure pursuant to Clause 15.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 15.4.4 shall not apply to such second Bondholders' Meeting or Written Procedure.
- 15.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 15.4.8 A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Bonds (irrespective of whether such person is a Bondholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.4.10 A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.
- 15.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.4.12 If a decision is to be taken by the Bondholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies as per the Record Date for voting, irrespective of whether such person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or other or otherwise be responsible for determining whether a Bond is owned by a Group Company.

- 15.4.13 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to each person registered as a Bondholder on the date referred to in Clause 15.4.1(vv) or 15.4.1(ww), as the case may be and also be published on the websites of the Group and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

16. AMENDMENTS AND WAIVERS

- 16.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in a Finance Document or any other document relating to the Bonds, provided that:

- (hhh) in the opinion of the Agent and/or as confirmed by a reputable external expert engaged by the Agent, such amendment or waiver is not detrimental to the interest of the Bondholders as a group; or

- (jjj) such amendment or waiver is required by any applicable regulation, a court ruling or a decision by a relevant authority; or
- (kkk) such amendment or waiver has been duly approved by the Bondholders in accordance with Clause 15 (*Decisions by Bondholders*).

- 16.2 The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 16.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are made available in the manner stipulated in Clause 10.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority and shall ensure that any amendments to the Finance Documents are made available in the manner stipulated in Clause 10.4 (*Availability of Finance Documents*).

- 16.3 An amendment to the Finance Documents shall take effect on the date determined by the Bondholders' Meeting, in the Written Procedure or by the Agent, as the case may be.

17. APPOINTMENT AND REPLACEMENT OF THE AGENT

17.1 Appointment of the Agent

- 17.1.1 By subscribing for Bonds, each initial Bondholder appoints the Agent to act as its agent in all matters relating to the Bonds and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Bondholder, including the winding-up, dissolution, liquidation, company reorganisation (Sw: *företagsrekonstruktion*) or bankruptcy (Sw: *konkurs*). By acquiring Bonds, each subsequent Bondholder confirms such appointment and authorisation for the Agent to act on its behalf.

- 17.1.2 Each Bondholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Bondholder which does not comply with such request.
- 17.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 17.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 17.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.
- 17.2 **Duties of the Agent**
 - 17.2.1 The Agent shall represent the Bondholders in accordance with the Finance Documents. However, the Agent is not responsible for the content, due execution, legal validity or enforceability of the Finance Documents.
 - 17.2.2 When acting in accordance with the Finance Documents, the Agent is always acting with binding effect on behalf of the Bondholders. The Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
 - 17.2.3 The Agent is entitled to delegate its duties to other professional parties, but the Agent shall remain liable for the actions of such parties under the Finance Documents.
 - 17.2.4 The Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
 - 17.2.5 The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent pay all costs for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event which the Agent reasonably believes is or may lead to an Event of Default, or (ii) a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents, or (iii) as otherwise agreed between the Agent and the Issuer. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 14 (*Distribution of proceeds*).
 - 17.2.6 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.

- 17.2.7 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 17.2.8 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 17.2.9 The Agent shall give a notice to the Bondholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 17.2.8.
- 17.2.10 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Bondholders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Bondholders or any other person.
- 17.2.11 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of the terms of the Finance Documents unless to the extent expressly set out in the Terms and Conditions and the other Finance Documents, or to take any steps to ascertain whether any Event of Default has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default has occurred.
- 17.2.12 Unless it has actual knowledge to the contrary, the Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.
- 17.3 Liability for the Agent**
- 17.3.1 The Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 17.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.
- 17.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.

- 17.3.4 The Agent shall have no liability to the Bondholders or to the Issuer for damage caused by the Agent acting in accordance with instructions of the Bondholders given to the Agent in accordance with the Finance Documents.
- 17.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.
- 17.3.6 The Agent is not liable for information provided to the Bondholders by or on behalf of the Issuer or by any other person.
- 17.4 Replacement of the Agent**
- 17.4.1 Subject to Clause 17.4.6, the Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent at a Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 17.4.2 Subject to Clause 17.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 17.4.3 A Bondholder (or Bondholders) representing at least 10 per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.
- 17.4.4 If the Bondholders have not appointed a successor Agent within 90 calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Bondholders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of debt issuances.
- 17.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 17.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 17.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.

- 17.4.8 In the event that there is a change of the Agent in accordance with this Clause 17.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

18. THE ISSUING AGENT

- 18.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 18.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is Insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.
- 18.3 The Issuing Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

19. REPLACEMENT OF BASE RATE

19.1 General

- 19.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 19 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 19.1.2 If a Base Rate Event has occurred, this Clause 19 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

19.2 Definitions

In this Clause 19:

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof determined in accordance with Clause 19.3.3, to be applied to a Successor Base Rate or an Alternative Base Rate, the objective of which, in each case, shall be to reduce or eliminate, to the fullest extent reasonably practicable, any transfer of economic value from one party to another as a result of a replacement of the Base Rate.

“Alternative Base Rate” means the reference rate that has replaced the Base Rate in customary market usage in the relevant debt capital markets for the purposes of determining rates of interest in respect of Bonds denominated in Swedish kronor or, if

there is no such rate, such other rate as the Independent Adviser determines is most comparable to the Base Rate.

“Base Rate Amendments” has the meaning set forth in Clause 19.3.5.

“Base Rate Event” means that:

- (lll) the Base Rate has (i) been permanently or indefinitely discontinued, (ii) ceased to exist or (iii) ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate ceasing to be calculated or administered;
- (mmm) the Base Rate Administrator ceases to publish the applicable Base Rate permanently or indefinitely and, at that time, no successor administrator has been appointed to continue to publish the Base Rate;
- (nnn) the supervisor of the Base Rate Administrator (i) has made a public statement stating that the Base Rate is no longer representative of the underlying market or (ii) is recommending the usage of a Successor Base Rate for the applicable Base Rate;
- (ooo) the Base Rate Administrator or its supervisor announces that (i) the Base Rate methodology has changed materially after the First Issue Date or (ii) the Base Rate may no longer be used, either generally or in respect of the Bonds; or
- (ppp) it has become unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Bondholder using the applicable Base Rate.

“Base Rate Event Announcement” means a public statement by the Base Rate Administrator or the supervisor of the Base Rate Administrator that any event or circumstance specified in paragraphs (lll) to (ppp) of the definition of Base Rate Event will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means any applicable central bank, regulator or other supervisory authority or a group of them, or any working group or committee of any of them or the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“Successor Base Rate” means a screen or benchmark rate that is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body.

19.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 19.3.1 Without prejudice to Clause 19.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate or an Alternative Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to determine a Successor Base Rate or, if there is no Successor Base Rate, an Alternative Base Rate and, in each case, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 19.3.2.

- 19.3.2 If (i) a Base Rate Event has occurred or (ii) a Base Rate Event Announcement has been made and the announced Base Rate Event will occur within six (6) months, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to determine, as soon as commercially reasonable, a Successor Base Rate or (if there is no Successor Base Rate) an Alternative Base Rate and, in each case, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate.
- 19.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 19.3.2, the Bondholders shall, if so decided at a Bondholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 19.3.2.
- 19.3.4 The Adjustment Spread determined by the Independent Adviser in accordance with Clause 19.3.1 or 19.3.2, shall be the Adjustment Spread which:
- (qqq) is formally recommended in relation to the replacement of the Base Rate by any Relevant Nominating Body; or
 - (rrr) if paragraph (qqq) above does not apply, the Independent Adviser determines is customarily applied to the relevant Successor Base Rate or Alternative Base Rate (as applicable), in comparable debt capital markets transactions.
- 19.3.5 The Independent Adviser shall also determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or an Alternative Base Rate or to reflect the adoption of such Successor Base Rate or Alternative Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 19.3.6 Provided that a Successor Base Rate or (if there is no Successor Base Rate) an Alternative Base Rate and, in each case, the applicable Adjustment Spread and any Base Rate Amendments have been determined no later than ten (10) Business Days prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period.
- 19.4 **Interim measures**
- 19.4.1 If a Base Rate Event has occurred but no Successor Base Rate or Alternative Base Rate and Adjustment Spread have been determined at least ten (10) Business Days prior to the relevant Quotation Day in relation to the next succeeding Interest Period, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (sss) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (ttt) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

- 19.4.2 For the avoidance of doubt, Clause 19.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 19.

19.5 Notices etc.

The Issuer shall promptly following the determination by the Independent Adviser of any Successor Base Rate, Alternative Base Rate, Adjustment Spread and any Base Rate Amendments give notice thereof to the Agent, the Issuing Agent and the Bondholders in accordance with Clause 23 (*Communications and press releases*) and the CSD.

19.6 Variation upon replacement of Base Rate

- 19.6.1 No later than giving the Agent notice pursuant to Clause 19.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer confirming the relevant Successor Base Rate or Alternative Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined in accordance with the provisions of this Clause 19. The Successor Base Rate or Alternative Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any determination, be binding on the Issuer, the Agent, the Issuing Agent and the Bondholders.

- 19.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 19.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Bondholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 19.

- 19.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 19. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

19.7 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 19.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. - 21.3 The provisions of Clause 21.1 shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 9.5 (*Mandatory repurchase due to a Change of Control Event, Delisting Event or a Listing Failure Event*) or other payments which are due by the Issuer to some but not all Bondholders.
